LADIES' COMPANION.

NEW VOLUME COMMENCES WITH THE MAY NUMBER.

Since the publication of the MAY NUMBER, the demand for the LADIES' COMPANION has been unprecedented and beyond the most sanguine anticipations. At the commencement of the volume an additional number of copies were printed, which was considered at the time adequate to supply all the orders which might be received, and leave a considerable number on hand for subsequent calls. The publisher is now in much distress in stating that the whole edition has nearly exhausted before reaching the seventh number of the volume, and at this time but a few complete sets remain on hand to supply the numerous calls which are daily received from every section of the United States.

In consequence of this great unforeseen increase of new subscribers, he has determined to double the number of impressions for the subsequent year, while he most gratefully appreciates the unprecedented encouragement extended to the Ladies' Companion, and at the same time he begs to assure the readers of the Magazine and the public in general, that it is his ardent resolution to meet with a corresponding liberality on his part to merit its continuance.

SPLendid Steel Engravings by our best artists, accompanying each number—illustrated by tales and spirited sketches—which will, as heretofore, continue to be magnificient and far superior to those published in any other magazine in America.

The Ladies' Companion contains a larger quantity of reading matter than any other Magazine issued in this country, and its subscription price is but three dollars a year.

ITS LITERARY CHARACTER. Will undergo considerable change, as the present form of the Ladies' companion, in order to show his appreciation of the public favor already extended to him, liberally, has engaged the aid of

MES. ANN S. STEPHENS, late editor of the "Portland Magazine," and author of a series of the most beautiful and popular tales ever presented to an American public. No lady possessing greater variety of talent, or better calculated to aid in conducting a ladies' magazine, could have been selected from the galaxy of female genius which is the glory of our country. In addition to the powerful talents of Mrs. Stephens, the proprietor has secured a list of contributors which combined, will render the Ladies' Companion one of the most interesting and talented magazines of the day.

Mrs. L. H. Signature, Mrs. Jane E. Locke, Mrs. Woodbridge, Mrs. Emma C. Embury, Miss A. D. Woodbridge, Mrs. H. LeBlanc, Miss Charlotte Cushman, Miss Mary Emily Jackson, Robert Hamilton, James Brooks, Rev. J. H. Clark, Rev. A. J. Lippard, Greenleaf Miles, N. C. Brooks, A. M. & E. Berken, James Purvis, William Cutler, John Neal, Henry F. Harrington, Isaac C. Tracy, James E. Vail, Edward Burroughs, James B. Phillips, E. Bruce Foster, R. Stetson MacKenzie, L. L. D.

With many others who will occasionally contribute to the pages of the work, and every exertion will be made to render the Ladies' Companion, what a work deserves to be, the most portion of community should be, interesting, useful and instructive.

THE MUSICAL DEPARTMENT is under the supervision of Mr. J. Watson, whose qualifications for the task are too well known to require our testimony.

This department of the Ladies' Companion has ever commanded a large share of attention, and has been looked upon with no little interest by its readers, and more especially the Ladies, whom the publisher is in the highest degree anxious to please. And it will continue to be a subject of much usual care to him and to the President under whose supervision it is placed.

THE WORK IN GENERAL. Over every department an equally careful supervision will be strictly exercised by the editor, and all appropriate expenditures will be liberally bestowed, as it is the desire of the publisher, with the aid of his contributors the advice of friends to make the

Ladies' Companion distinguished for the beauty and serviceability of its typography—the variety and high tone of its literary articles—the quality and value of its music, and the unequalled splendor of its PICTORIAL ENLIGHTEEMENTS.

It is the determination of the publisher to use every means to maintain the superiority which the Ladies' Companion has obtained.

From the foregoing it will be perceived that the Ladies' COMPANION embraces every department within the compass of the fine arts, and the fine arts are to be pursued with the greatest interest to the end that every article of merit may be exposed. The Entertaining and general testimonials of nearly every contemporary Journal in the United States and, in fact, many on the other side of the Atlantic, have strongly asserted the undeviating宗旨 of the Ladies' Companion in the support of the public generally. There is no work that gives its readers such a claim upon their sympathy.

THE PRIZE ARTICLES. Will all be published during the year. These articles will comprise the successful candidates for the premiums of one thousand dollars each, awarded by a committee of literary gentlemen in August last.

TERMS—Three Dollars a year, in advance, or

£ Four Dollars during the year.

No subscription received for less than one year.

HEAR YE!

THE MATCHLESS SANATIVE (sold by DUTTON, CLARK & CO., Agents for Brattleboro,) Vt.

has effected many cures so strikingly as to restore the skill of Physicians and the power of other practitioners.

The following are a few of the Testimonials of the efficacy of this medicine, which they now cheerfully lay before the public. Many more individuals can be referred to by them as having been greatly benefited by the Sanative.

1st Certificate from Thomas Crosby of Brattleboro.

This certifies that my daughter has for a long time been in a decline, and has tried many medicines without effect. She has made use of the Matchless Sanative, which has greatly relieved her. It restored her appetite and sleep, which she had not before enjoyed for a long time. I would cheerfully recommend it to all suffering with consumptive complaints.

THOMAS CROSBY.

Brattleboro, March 13, 1838.

2nd Certificate from Henry Clark, Esq. of Brattleboro.

This certifies that I suffered for many months from an obstinate cough which resisted a great variety of medicines, with little or no relief. I then used a bottle of the Matchless Sanative, which removed it entirely in the course of two or three weeks and restored me to excellent health.

HENRY CLARK.

Brattleboro, March 12, 1838.

3rd Certificate from Sam'l. Cutting, Esq., of Grafton.

I Samuel Cutting, of Grafton, Vt. would certify that I have suffered for more than two years past from a severe lung complaint, attended with severe pain in my side and back, and with general debility. I have used a great variety of medicines from various physicians in my vicinity, and received advice from the most eminent Physicians of Boston, without the least benefit. I am now using the last bottle of the Matchless Sanative, which medicine has greatly relieved me. The pain in my side is comparatively well, and my strength has gained very much. I feel confident that the Sanative alone has afforded me the relief, and I would cheerfully recommend it to all who are suffering with lung complaints, and advise them to try the medicine without delay.

SAMUEL CUTTING.

Grafton, March 19, 1838.

From Timothy George, Esq., Orrington, Me.

"My wife has been considered of a consumptive habit for two years; attended with a severe cough, but has always or generally attended to her domestic concerns until the forepart of last winter, when she had a severe attack of pain in her side, and distress for breath. I immediately called upon one of our best Physicians, who attended to my case, though I was well satisfied with his treatment of her case, though her distress was partially alleviated, there was no hope of her recovery, and that her LEFT LUNG WAS PARTIALLY OBSTRUCTED, and seemed to despair of her recovery, as well as myself; we calculated she could not sustain but a short time, for her left lung lost sleeping power to command her rest, when periodically I left her with those Sanative Draps, and though she was altogether lifeless the first day she took her some relief, she continued taking them, exactly according to the directions, and my continued appetite was restored to a child's appetite, and she continued gradually to recover so that I do not know but her health is now as good as it has been since married, say ten years."

N. B.—She took about one and one-half bottles when she called herself WELL.

TLMOOTH GEORGE.
